Arbitration Policy for Inoperable (In-Op) Vehicles

- Vehicles purchased from the in-op sale are bought with the understanding that said vehicles have been inspected to the buyer's satisfaction.
- In-op vehicles are sold 'as-is, where-is.' There are no arbitrations.
- Mid Kansas Auto Auction will assume no responsibility for the condition or equipment of an in-op vehicle.
- There will be no arbitration for frame, mechanical, flood, hail, odometer or keys. If there are no keys in the vehicle at time of purchase, then it is assumed the no keys are available.
- The 30 day title policy still applies unless stated otherwise.
