

TITLES, TAGS, AND REPORTS

The titles department at MKSAA can help dealers obtain duplicate titles and dealer titles for cars they are selling at the auction.

WHAT WE DO:

- We help coordinate VIN inspections for out of state titles
- We Secure Power of Attorney's and Addendums if needed to transfer cars sold at the auction.
- We offer twice a week trips to Topeka for same day processing of titles on Tuesdays and Thursdays and can assist with County level work if needed.
- We will assist the dealers with completing the paperwork needed and they will just need to sign the necessary authorizations and forms to get completed.

To get the process started, they just need to bring in the title they have and we will walk them through their options and the processes needed.
